

Product Information

MemDX™ Membrane Protein Human CLDN20 (Claudin 20) Full Length

Cat. No.: **MPC4169K**

This product is for research use only and is not intended for diagnostic use.

This product is a made-to-order Human CLDN20 membrane protein expressed in HEK293. The protein is for research use only and is not approved for use in humans or in clinical diagnosis.

Product Description

Expression Systems

HEK293

Tag

Based on specific requirements

Protein Format

Detergent or based on specific requirements (Detergent, Liposome, Nanodisc, Polymer, VLP)

Form

Liquid

Storage

Aliquot and store at -20°C or lower. For long term storage, we recommend to store at -72°C or lower. Avoid freeze/thaw cycles.

Target**Target Protein**

CLDN20

Full Name

Claudin 20

Introduction

This gene encodes a member of the claudin family. Claudins are integral membrane proteins and components of tight junction strands. Tight junction strands serve as a physical barrier to prevent solutes and water from passing freely through the paracellular space between epithelial or endothelial cell sheets, and also play critical roles in maintaining cell polarity and signal transductions.

Alternative Names

CLDN20; claudin-20; testis secretory sperm-binding protein Li 229n; Claudin 20
